1. The Government of Georgia has allocated the funds from the State Budget to finance the construction of new highway section from Avchala to Tbilisi Airport. The section starts in Avchala, before the existing Avchala Railway flyover bridge with south east direction, follows the route of the “Abandoned Tbilisi Railway Bypass” and ends in the Crossing between the access road of Didi Lilo and Abandoned railway Bypass before the Lilo Market. The project road is 22.5km long and consists of 2 driving lanes of 3.75m width and hard shoulder per driving direction, with design speed of 120km/h in open sections and 80km/h in tunnels. The project includes 4 grade separated interchanges, 16 bridge units and 4 twin tunnels of total length less than 4km. All four existing tunnels “inherited” from the railway project are reused, containing one driving direction while new tunnel is to be built next to it for the second driving direction.

2. The project will be implemented through civil works contracts into 2 lots. Per the Governmental Decree, the RD intends to procure these contracts under the open competitive bidding procedures of Procurement Regulations for ADB Borrowers. The contracts will be based on “Conditions of Contract for Construction for Building and Engineering Works Designed by the Employer (“Red book”) Second edition 2017” published by the Federation Internationale Des Ingenieurs – Conseils (FIDIC). The Contract Period will be 40 months Lot 1 and 40 months for Lot 2 from the commencement date. The Defects Notification Period will be 36 months.
